RE: Public School Employer's Initial Proposal For 2014-2017 Collective Bargaining  
Negotiations

On Behalf of the Maricopa Board of Education the District is interested in negotiating the full contract with the **California School Employees Association Maricopa Unified Chapter No. 686** for the 2014-2017 school years to provide a framework for reaching a new agreement which addresses issues of importance to the Association and to the District.

The District will respond in a substantive manner following an in-depth review of specific Association proposals. In order to achieve the stated objective, the District anticipates opening all contract language articles. With regard to proposed modifications to non-compensation items, the District will engage in a dialogue as the Association's interests are presented in negotiations.

The Board and administration look forward to an early and amicable settlement of this round of negotiations.
