World/Foreign Language Instruction

BP 6142.2

In order to prepare students for global citizenship and to broaden their intercultural understanding and career opportunities, the Governing Board shall provide students with opportunities to develop linguistic proficiency and cultural literacy in one or more world languages in addition to English.

The Superintendent or designee may recommend world languages to be taught in the district's educational program based on student interest, community needs, and available resources. He/she shall also consider providing English learners the opportunity to study their heritage language, when such a course is available, in order to continue developing skills in that language. American Sign Language courses shall be open to all students regardless of hearing status.

(cf. 6174 - Education for English Language Learners)

The district shall offer a sequential curriculum aligned with the state content standards, state curriculum framework, and, as applicable, California university admission requirements for languages other than English.

(cf. 6011 - Academic Standards)
(cf. 6141 - Curriculum Development and Evaluation)

Instruction in world languages shall be offered to secondary school students beginning no later than grade 9 and shall be designed to develop students' skills in understanding, speaking, reading, and writing the language. (Education Code 51220)

(cf. 6143 - Courses of Study)

Students shall obtain credit toward high school graduation requirements for completion of a one-year course during grades 9-12 in a world language or American Sign Language.

(cf. 5126 - Awards for Achievement)
(cf. 6146.1 - High School Graduation Requirements)
(cf. 6146.11 - Alternative Credits Toward Graduation)

In order to encourage higher levels of language proficiency throughout a student's education, the district may offer age-appropriate language programs in elementary schools. Beginning in the primary grades, the district may deliver language studies

through a two-way immersion program in which instruction is delivered in both English and another language to both English-only students and English learners.

The Board shall ensure that students have access to high-quality instructional materials in world languages. In accordance with Board policy, teachers shall also be encouraged to identify and use supplemental resources, such as literature, technology, newspapers and other media, dictionaries, and volunteers from the community to enhance the world language instructional program.

(cf. 1240 - Volunteer Assistance)

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

(cf. 6161.11 - Supplementary Instructional Materials)

(cf. 6163.1- Library Media Centers)

The Superintendent or designee shall provide professional development as necessary to ensure that teachers of world languages have the knowledge and skills they need to implement an effective instructional program that helps students attain academic standards.

(cf. 4131 - Staff Development)

The Superintendent or designee may provide periodic reports to the Board regarding the effectiveness of the district's world language program which may include, but not be limited to, a description of the district's curriculum and the extent to which it is aligned with the state's content standards and curriculum framework, student achievement of district standards for world language instruction, and student participation rates in each language course. Program evaluation shall be used to identify needed improvements and may be considered in determining the languages to be taught in the district.

AR 6142.2

Content of Instruction

The district's instructional program for world languages shall be designed to help students gain knowledge about new language systems and use that knowledge to communicate. Students shall receive instruction which is aligned with state academic standards appropriate to their age and stage of linguistic and cultural proficiency in the following five categories:

1. Content: Students shall be presented with a wide variety of content that is age and stage appropriate and increases in complexity.

(cf. 6011 - Academic Standards)

2. Communication: Students shall be taught to effectively convey and receive messages by engaging in or interpreting written, spoken, and/or signed languages.

3. Cultures: Students shall receive instruction that allows them to make connections and comparisons between language and culture.

(cf. 6142.94 - History-Social Science Instruction)

4. Structures: The curriculum shall address components of grammar, syntax, and language patterns appropriate to the language being taught.

5. Settings: To help students comprehend meaning and use language that is culturally appropriate, students shall develop knowledge of the context or setting in which language is used, such as common daily settings, interpersonal settings, and informal and formal settings.

Two-Way Immersion Programs

The district may establish two-way immersion programs based on either or both of the following models:

1. A 50:50 model in which instruction is provided in the non-English target language for 50 percent of the time and in English for 50 percent of the time, throughout the duration of the program

2. A 90:10 model in which instruction is provided in the non-English target language

for 90 percent of the time and in English for 10 percent of the time during the first year of the program, decreasing the percentage of time in the non-English language in each subsequent year until there is a 50:50 balance of languages

English-only speakers shall be accepted into the program only during the first grade level at which the program is offered. English learners may be admitted into the program during the first or second grade level at which the program is offered. Bilingual students may enter the program at any time.

In enrolling students for the program, the district shall strive to maintain a ratio of half English speakers and half non-English speakers and such ratio shall not fall below one-third for either language group except under exceptional circumstances.

In order for a limited-English-proficient student to participate in a two-way immersion program, his/her parent/guardian shall annually submit a request for a parental exception waiver pursuant to Education Code 310-311 and 5 CCR 11309.
