

Maricopa High

Principal, Maricopa High

About Our School

Maricopa High School encourages and celebrates high academic achievement for all students. The school population consists of approximately 70-80 ninth through twelve grade students. Maricopa High School is a small rural high school with a very long and rich heritage of nearly 100 years.

The staff recognizes that parents and community play a vital role in the success of our school. Understanding the school's educational program will assist both the school and community in a continuous process of improvement. Maricopa High School's modest size demands a great deal of staff effort and community support to ensure that the rich traditions of the past will continue to influence future generations.

This School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to Maricopa High School. Most data presented in this report are reported for the 2012-13 school year. School finances and school completion data are reported for the 2011-12 school year. Contact information, facilities, curriculum and instructional materials, and select teacher data are reported for the 2013-14 school year.

The administration and staff of Maricopa High School are committed to providing the best educational program. The quality of our program is a positive expression of our highly committed staff. Our ambition is to provide a rich learning environment that is a welcoming, stimulating environment where students are actively involved in the process of becoming positive contributors to society. Through hard work, and a commitment to educate the whole person, our staff challenges all students to strive towards the fulfillment of their highest potential.

For additional information about the school, parents and community members can contact the Maricopa Unified School District at 661-769-8231.

Thank you,

Scott Meier, Ed.D.

Data and Access

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the [California Department of Education \(CDE\) SARC Web page](#).
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012-13 Academic Performance Index Reports Information Guide located on the [CDE API Web page](#).

School Description and Mission Statement (School Year 2012-13)

Maricopa High School has a High-Tech, Global Vision for the school's ATMOSPHERE, ACADEMICS, ACTIVITIES & ATHLETICS:

ATMOSPHERE

Maricopa High School is a small, personalized campus allowing students to build lasting friendships and communication skills. Small class sizes support individual success, with many of our classes under 15 students.

Our "PASSport" Personalized Academic Support System provides a one-to-one "Coach" (Teacher) to help ensure success. All students are assigned a coach to provide academic counseling, motivation and support. Everyone needs a "PASSport" to gain full access to the world.

ACADEMICS / TECHNOLOGY

Our rigorous academics program sets students on a pathway to college with the interest, skills and experience for career advancement. This "Linked Learning" approach supports student's choices and options for their future.

Our new Business/Entrepreneur Pathways allow students to gain a career focus and set a pathway for college at the same time. Our four pathways provide diverse career opportunities. Students can focus on one area through high school or explore different careers:

- STEMcity – Science, Technology, Engineering & Math
- CityWALK Cafe & Health Club – Culinary Art & Health Club
- Cityscapes – Construction
- Global City Graphics – T-shirt Company. Graphics and Performance Arts, Media, Marketing

Providing the latest Tools of Technology, such as a personal laptop computer for every student, interactive classrooms, and high-tech career equipment support our "real-world" approach and provide instruction in the way students learn best. The use of technology helps students grasp the fundamental skills in each area of study. Business and industry use technology and our school is committed to train students for their future in the real world.

ACTIVITIES

High School should be fun, exciting and engaging! Students are encouraged to become involved in the different clubs, ASB leadership roles and participate in the many social /school spirit activities. Being involved supports service to others and living a balanced life.

ATHLETICS

Maricopa High offers all three seasons of CIF athletics. All students have full access to our sports program. Our philosophy is that everyone plays if they have a desire to build teamwork skills.

MISSION STATEMENT:

The mission of the Maricopa Unified School District is to provide a caring and nurturing environment in which our students will maximize their personal and academic potential.

TENET STATEMENT: M-A-R-I-C-O-P-A

Motivated Students - Students will be motivated and excited to research and apply subject knowledge through innovative teaching strategies and the use of technology tools.

Academic Success - Students will receive a personalized support program to ensure success in corecurriculum and career content.

Rigor - Students will receive a first-class educational experience based on rigorous state standards and practical skills.

Intelligence – Students will foster different types of intelligence to be well-rounded intellectually.

Critical Thinkers - Students will research, organize, compare, contrast, analyze, and communicate their thinking as innovative problem-solvers.

Open Minded Citizens - Students will be challenged to think globally and be involved in community activities and actions.

Prepared for Post-Secondary Choices - Students will leave our district with the knowledge and practical experience to be successful in college and in their chosen careers.

Ability to Apply Knowledge - Students will have opportunities to apply new knowledge and skills in multiple ways using their interests and talents.

The Board, administration, and staff recognizes that parents and community play a vital role in the success of our school. Understanding the school's educational program will assist both the school and community in a continuous process of improvement.

Maricopa High School welcomes parent visitors on our campus for many different reasons including Parent Visitation Days, assemblies, sports, and other special events.

The Maricopa Unified School District welcomes and encourages all parents to get involved at our three schools. Any teacher or administrator can be contacted for parental involvement. Parents may become involved in many ways, including:

- School Site Council / English Language Advisory (ELAC)

- Parent Teacher Organization (PTO)

- Booster Club Organization

- Safety Committee

- Migrant Parent Advisory Committee

Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

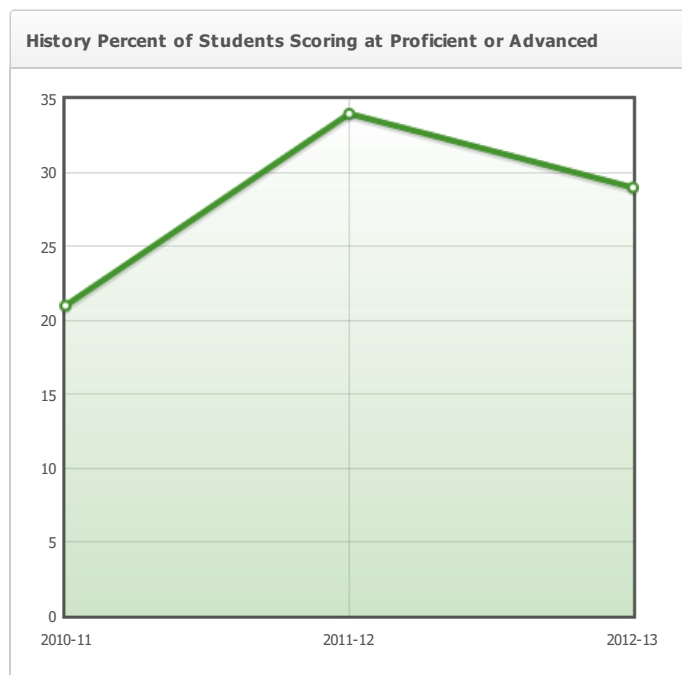

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the [CDE STAR Results Web site](#).

California High School Exit Examination Results for All Grade Ten Students – Three-Year Comparison

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB. For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the [CDE API Web page](#).

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the [CDE AYP Web page](#).

School Safety Plan (School Year 2012-13)

A Safe School Plan has been developed for the school district, which is reviewed and updated annually by administration and School Site Council. Key elements of the school's safety plan include procedures for keeping students and staff safe on school grounds as well as the safe ingress and egress of pupils.

The District has monthly fire drills, bi-annual earthquake/evacuation drills, and intruder drills. Staff attend trainings and workshops on health and safety issues held by the district and county office of education.

Students are supervised throughout the day by teachers, administration, and instructional aides. All visitors must sign in at the main office, where they receive a visitor's badge that must be worn at all times. Classrooms remain locked during the day. The district has a 24 hour surveillance camera system to support a safe and secure campus environment.

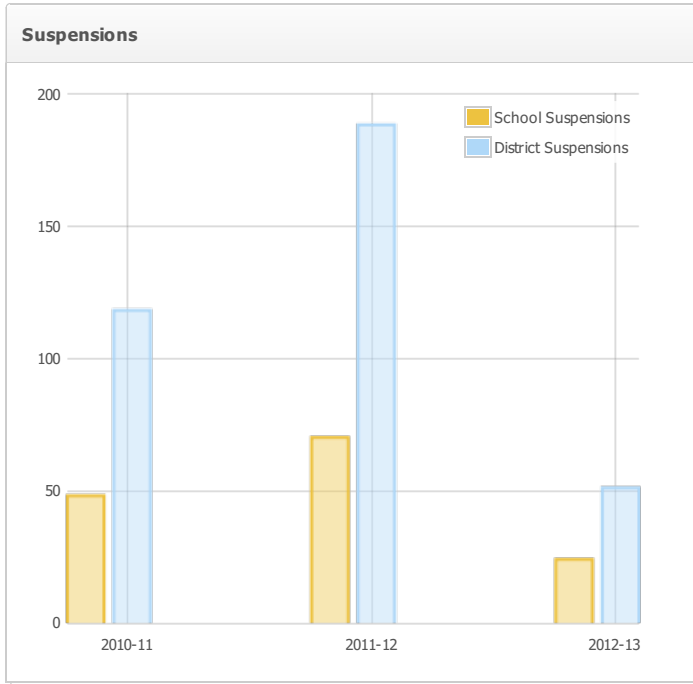

Administration and staff deal with campus student management in a firm, fair and consistent manner. Each situation is considered important and is dealt with in a timely manner. Being a small campus, very few major discipline issues take place each year. The campus is a safe place for our students and staff.

School Facility Conditions and Planned Improvements (School Year 2013-14)

Maricopa High School's classrooms, labs, shops, restrooms and offices are cleaned and maintained regularly. Each summer a deep cleaning is conducted campus-wide. During the Summer of the 2013-14 school year many maintenance projects were completed including Phase II of exterior painting of the school buildings and new playground materials under the playground structures were installed funded by a grant. The new Gym and Pool project (Bond Fund) was been completed and is currently in use.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13) -

The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE [Improving Teacher and Principal Quality Web page](#).

School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the [UC Admissions Information Web page](#).

California State University

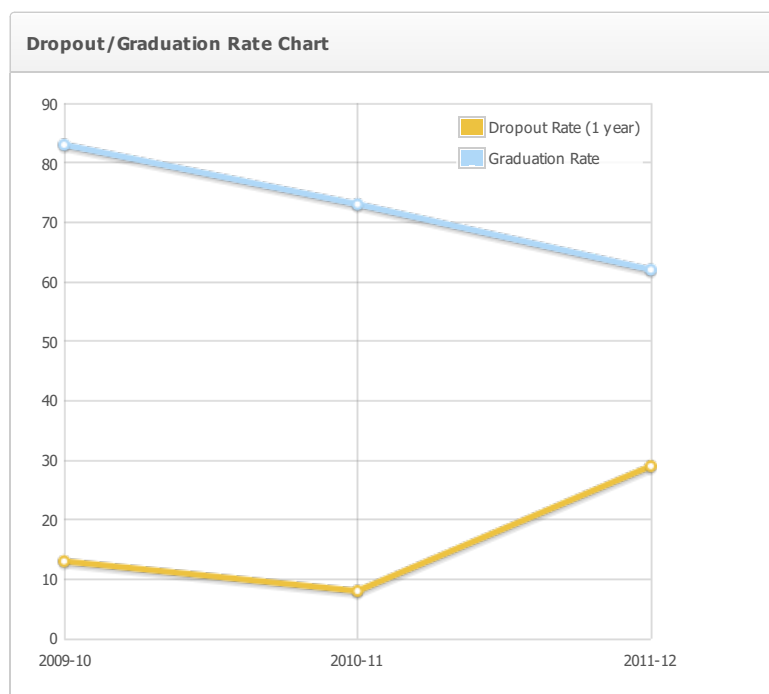

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the [CSU Web page](#).

Career Technical Education Programs (School Year 2012-13)

One of the major goals of Maricopa High School is to have all students understand the importance of academic subjects and experience how employees apply subject learning to work situations. The school's programs focus on preparing students to think conceptually, communicate effectively, and apply skills in real-world contexts. Curriculum and instructional strategies to foster critical thinking, problem solving, leadership, and academic skills ensure work-readiness skills.

Maricopa High School offers Regional Occupation Classes (ROP) to support our student's career preparation. The district partners with West Side ROP to bring work-based learning opportunities to all Maricopa High students. ROP classes support student achievement by providing advanced training and employment opportunities with local businesses. The classes also satisfy requirement 'G' of the UC/CSU entrance requirements. ROP classes are available in:

- Culinary/Restaurant Food Service
- Construction
- Retail Marketing/Fashion/Photography (Taft ROP Campus)
- Law Enforcement (Taft ROP Campus)
- Photography (Taft ROP Campus)
- Office Practices (Taft ROP Campus)

- Auto Shop (Taft ROP Campus)

The students are evaluated in the courses through grades, projects, portfolios, interviews, and work site evaluation.

In 2012-13 Maricopa High School implemented a "Linked Learning" Program. These four new Business/Entrepreneur Pathways allow students to gain a career focus and set a pathway for college at the same time. Our pathways provide diverse career opportunities. Students can focus on one area through high school or explore different careers:

- STEMcity – Science, Technology, Engineering & Math
- CityWALK Cafe & Health Club – Culinary Art & Health Club
- Cityscapes – Construction
- Global City Graphics – T-shirt Company. Graphics and Performance Arts, Media, Marketing

Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

During the 2012-13 & 2013-14 school years, teachers have been involved in staff development and training on "Late-start Thursdays." On most Thursdays, students arrive at school 75 minutes later while staff training is conducted. Also six full days of staff training is conducted before school starts, during the year, and after the school year ends. For the past two years the staff have been trained in effective direct instruction, brain-based teaching strategies, technology, and common core strategies.

In the 2011-12 school year the district offered six days of staff development. Teachers were offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, technology, methodologies, and educational research.
