California Department of Education School Accountability Report Card Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Principal, Maricopa Middle

About Our School

Maricopa Middle School encourages and celebrates high academic achievement for all students. In 2014-15 the school population consisted of approximately 60 sixth through eighth grade students with rich and diverse backgrounds. The middle school had three self-contained classrooms teaching all core subjects. Each student had access to a rigorous core curriculum in language arts, mathematics, science, social science, and P.E. The students also had a VPA/Art rotation for one period per day.

The staff at Maricopa Middle School believes each child can learn and is deserving of a rich educational environment. The staff, parents and community work together in order to assure success for all students.

The skilled and dedicated staff is geared to the success of our students. We are fortunate to have many experienced and knowledgeable teachers eager to make a difference for our students. We believe in a student-centered approach, which provides an atmosphere in which a child's social, emotional, and intellectual needs are equally important. All students have special talents and are given the opportunities to develop those talents. We care about each one of our students in our small school environment.

This School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to Maricopa Middle School. Most data presented in this report is reported for the 2014-15 school year. School finances and school completion data are reported for the 2013-14 school year. Contact information, facilities, curriculum and instructional materials, and select teacher data are reported for the 2015-16 school year.

For additional information about the school, parents and community members can contact the Maricopa Unified School District at 661-769-8231.

Thank you,

Scott Meier, Ed.D.

Superintendent

School Facility Conditions and Planned Improvements - Most Recent Year

Maricopa Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available at the District Office. Maricopa Elementary School's classrooms, restrooms and offices are cleaned and maintained regularly. Each summer a deep cleaning is conducted campus-wide. During the Summer of the 2015-16 school year many maintenance projects were completed including Phase IV of exterior painting of the school buildings.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

California Assessment of Student Performance and Progress Results for All Students (School Year 2014-15)

Subject	Percent of Students Meeting or Exceeding the State Standards		
	School	District	State
English Language Arts / Literacy (grades 3-8 and 11)	13%	11%	44%
Mathematics (grades 3-8 and 11)	%	9%	33%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes (--) appear in the table when the number of students tested is ten or less.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement - Most Recent Year

The Board, administration, and staff recognize that parents and community play a vital role in the success of our school.

Maricopa Middle School prides itself on involving the parents and community members in every aspect of our school. We welcome our parents on our campus for many different reasons including assemblies, and other special middle school events.

We believe that teachers cannot educate children alone without the active support and involvement of parents and community members.

The Maricopa Unified School District welcome and encourage all parents to get involved at our three schools. Any teacher or administrator can be contacted for parental involvement. Parents may become involved in many ways, including:

- School Site Council / English Language Advisory (ELAC)
- LCFF/LCAP Budget Planning
- Parent Teacher Organization (PTO)
- Safety Committee

State Priority: Pupil Engagement

School Safety Plan - Most Recent Year

A Safe School Plan has been developed for the school district, which is reviewed and updated annually by administration and School Site Council. Key elements of the school's safety plan include procedures for keeping students and staff safe on school grounds as well as the safe ingress and egress of pupils. The District has monthly fire drills, bi-annual earthquake/evacuation drills, and intruder drills. Staff attend trainings and workshops on health and safety issues held by the district and county office of education.

Students are supervised throughout the day by teachers, administrators, and instructional aides. All visitors must sign in at the main office, where they receive a visitor's badge that must be worn at all times. Classrooms remain locked during the day. The district has a 24 hour surveillance camera system to support a safe and secure campus environment.

Administration and staff deal with campus student management in a firm, fair and consistent manner. Each situation is considered important and is dealt with in a timely manner. Being a small campus, very few major discipline issues take place each year. The campus is a safe place for our students and staff.

Professional Development – Most Recent Three Years

During the 2013-14/2014-15/2015-16 school years, teachers have been involved in staff development and training on "Late-start Thursdays." On most Thursdays, students arrive at school 75-90 minutes later while staff training is conducted. Also six full days of staff training is conducted before school starts, during the year, and after the school year ends. For the past three years the staff have been trained in effective direct instruction, brain-based teaching strategies, technology, common core instructional strategies, Positive Behavior Program Strategies (PBIS), ELA/ELD Strategies, and the implementation of the newly purchased Mathematics and Language Arts textbooks and materials.
